Comodo SSL certificates are the quickest way for online businesses to protect customer transactions with SSL security. Featuring fast online issuance, the strongest possible levels of encryption, dedicated customer support and a huge \$250K warranty, Comodo SSL lets you create a highly secure e-business environment within minutes.

Highest Available Encryption Strength

2048 bit signatures and up to 256 encryption means Comodo SSL certificates offer the highest possible levels of security for your customers. The key length complies with the National Institute of Standards and Technology (NIST) recommendations.

Speed of Issuance & Validation Levels

100% online application and validation systems ensure issuance of Comodo SSL certificates in minutes. Perfect for businesses on the move that need security without the usual waiting times.

99.9% Browser Coverage

Comodo SSL certificates are embedded in all major browsers and devices, making them recognized by

Starting at only \$76.95 per year, Comodo SSL certificates are a cost effective solution for any online business looking to quickly secure online transactions. Purchase price includes unlimited re-issuance, 30 day no-question refunds and

99.9% of the Internet population and maximizing the reach of your business.

Build Customer Trust and Increase Website Sales

In today's highly competitive e-commerce world, building a sense of trust and security in the minds of your website visitors is key to converting them to customers. Comodo's high impact site seal does just that by instantly reassuring your visitors that your site is protected with SSL security from one of the most recognized brands in Internet security. Each seal also features unique 'point-to-verify' technology which shows real-time verification of your website's security whenever a visitor hovers their mouse cursor over the seal.

Comprehensive Support Plans

Comodo has a well earned reputation for industry leading customer care and technical support. As a valued customer, you can expect prompt telephone, mail and web-based support for any questions you may have during the application, installation and lifetime of the certificate.

unlimited server licenses - meaning you can install the certificate on as many physical servers as you wish. Each Comodo SSL customer also receives a free upgrade to an Extended Validation (EV) certificate for the first year of the certificate.

About Comodo

The Comodo companies change the infrastructure that is essential in enabling e-merchants, other Internet-connected companies, software companies, and individual consumers to interact and conduct business via the Internet safely and securely. The Comodo companies offer PKI SSL, Code Signing, Content Verification and Email Certificates; award winning PC security software; vulnerability scanning services for PCI Compliance; secure email and fax services.

Continual innovation, a core competence in PKI, and a commitment to reversing the growth of Internet-crime distinguish the Comodo companies as vital players in the Internet's ongoing development. Comodo secures and authenticates online transactions and communications for over 200,000 business customers and 10,000,000 users of our desktop security products.
